Board of Trustees
The AOPA Foundation, Inc.

We have audited the accompanying financial statements of AOPA Foundation, Inc. (the “Foundation”) (a Maryland corporation), which comprise the statements of financial position as of December 31, 2016 and 2015, and the related statements of activities and changes in net assets, and statements of cash flows for the years then ended, and the related notes to the financial statements.

Management’s responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AOPA Foundation, Inc. as of December 31, 2016 and 2015, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Foundation's basic financial statements. The schedule of revenue and operating expenses by natural account for the year ended December 31, 2016 on page 26 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

December 31, 2016 and 2015

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

The AOPA Foundation, Inc. (the “Foundation”), a non-profit tax-exempt organization formed in 2007, was created to:

- Promote, advance and encourage aviation and airport safety and security and the research and testing in support thereof.
- Educate the public and users of the national air transportation system to the value and importance of general aviation.
- Encourage and support flight training of pilots to assure the future of general aviation.
- Lessen the burdens of federal, state, and local government in connection with the maintenance and advancement of general aviation, and aviation and airport safety and security.
- Assist other organizations in the conduct of similar activities.

Program expenses were incurred to support the following initiatives:

	<u>2016</u>	<u>2015</u>
Safety education and outreach	\$4,104,000	\$4,493,000
Growing the pilot population	3,483,000	3,034,000
Airport preservation	390,000	—
General aviation image	<u>—</u>	<u>49,000</u>
Total program expenses	<u>\$7,977,000</u>	<u>\$7,576,000</u>

In 2016, the Foundation connected with nearly two and half million individuals through the Air Safety Institute’s (ASI) safety quizzes, seminars, flight instructor refresher clinics, webinars, and PSAs. The Foundation granted \$2,604,000 to the Aircraft Owners and Pilots Association (“AOPA”) to support You Can Fly programs focused on developing flying clubs, supporting AOPA Ambassadors, flight training, Rusty Pilots initiative, and the high school program.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Contribution Revenue and Net Assets

To ensure compliance with restrictions placed on the resources available to the Foundation, the Foundation's accounts are maintained in accordance with the principles by which resources are classified for accounting and reporting into funds established according to their nature and purposes. In the financial statements, funds that have similar characteristics have been combined into three net asset categories: unrestricted, temporarily restricted, and permanently restricted.

- Unrestricted net assets are not restricted by donors, or the donor-imposed restrictions have expired. As reflected in the accompanying statements of financial position, the Foundation's Board of Trustees has designated a portion of the unrestricted net assets of the Foundation as a board designated fund.
- Temporarily restricted net assets contain donor-imposed restrictions that permit the Foundation to use or expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of the Foundation.
- Permanently restricted net assets contain donor-imposed restrictions that stipulate the resources be maintained permanently, but permit the Foundation to use or expend part or all of the income derived from the donated assets for either specified or unspecified purposes.

The Foundation records contributions, including promises to give, when they are received unconditionally, at their fair value. The Foundation measures fair value of unconditional promises to give that are expected to be collected in future years at the present value of their estimated future cash flows. Conditional contributions are recognized as revenue when the conditions on which they depend have been substantially met.

The Foundation records contributions as temporarily restricted if they are received with donor stipulations that limit their use either through purpose or time restrictions. When donor restrictions expire, that is, when a time restriction ends or a purpose restriction is fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities and changes in net assets as net assets released from restrictions. The Foundation reserves an amount commensurate with historical activity and economic conditions or specifically against a pledge based on known circumstances. Contributions receivables are presented in the accompanying statements of financial position net of estimated uncollectible amounts.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis, which conforms to generally accepted accounting principles.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

The Foundation considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents except for short-term investments managed by the Foundations' investment manager as part of the long-term investment strategies.

Concentration of Credit Risk

Financial instruments that potentially subject the Foundation to a concentration of credit risk include cash deposits with commercial banks. The Foundation's cash management policies limit its exposure to a concentration of credit risk by maintaining cash accounts at financial institutions whose deposits are insured by the Federal Deposit Insurance Corporation ("FDIC"). From time to time, the Foundation maintains cash balances with financial institutions which may exceed federally insured limits. The Foundation has not experienced any credit losses and management does not consider this to be a significant risk. Amounts exceeding established FDIC limits at December 31, 2016 were approximately \$3,838,000. These funds are maintained for traditionally high first quarter funding requirements.

Investments

The Foundation reports investments in money market funds, mutual funds, equity and debt securities, and alternative investments at fair value.

Investment gains and losses and reinvested interest and dividends, net of management fees, are included in the statements of activities and changes in net assets and are reported as non-operating activity.

Educational Revenue Recognition

Educational revenue is recognized as training and educational courses are completed or after two years of enrollment, whichever is sooner.

Income Taxes

The Foundation follows guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged.

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Income Taxes - continued

The Foundation is exempt from federal income tax under IRC section 501(c)(3), though it is subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. The Foundation has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; and to identify and evaluate other matters that may be considered tax positions. The tax years ending December 31, 2016, 2015, 2014 and 2013 are still open to audit for both federal and state purposes. The Foundation has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements.

Functional Expense Allocation

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the program costs charged to each program based on the direct costs charged to each program.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Foundation classifies its assets and liabilities into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The AOPA Foundation, Inc.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2016 and 2015

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fair Value Measurements - continued

The following is a description of the valuation methodologies and inputs used for assets measured at fair value, as well as the general classification pursuant to the valuation hierarchy. Investments in equity securities are valued at the quoted prices in an active market and are classified within Level 1 of the fair value hierarchy. When quoted prices are available in an active market, corporate debt securities are classified within Level 1 of the fair value hierarchy. Quoted prices in inactive markets are classified within Level 2. When quoted market prices are not available or accessible, the investments are classified within Level 3 of the fair value hierarchy and these fair values are estimated using pricing models, matrix pricing, or discounted cash flow models. The Foundation does not hold any corporate debt securities for which quoted market prices are not available or accessible.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date and that difference may be material to the Foundation's financial statements.

Measure of Operations

The change in net assets from operating activities reflected on the accompanying statements includes primarily activities closely related to the educational, charitable, and administrative functions of the Foundation. Amounts not included in the measure of operations consist of the net return on investments including realized and unrealized gains and losses.

(a) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of financial position.

NOTE C - INVESTMENTS - Continued

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- *Money market funds, bond backed mutual funds, common stocks, and mutual funds:* Valued at the closing price reported on the active market on which the individual (or similar) securities are traded.
- *Alternative investments:* This category includes investments in commingled, or hedge funds, which are valued by applying the Foundation's ownership percentage in the partnership to the total value of the underlying investments of the fund.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date and that difference may be material to the Foundation's financial statements.

The table below presents additional information for the Foundation's investments, as of December 31, 2016, whose fair value is estimated using the practical expedient of reported net asset value ("NAV"). These disclosures are required for all investments that are eligible to be valued using the practical expedient as defined in ASU 2009-12, regardless of whether the practical expedient has been applied:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Expected Liquidation Term</u>	<u>Redemption Terms</u>	<u>Redemption Restrictions</u>	<u>Redemption Restrictions at 12/31/2016</u>
Commingled	\$ 1,314,000	\$ —	Daily	Daily	Yes	Yes
Commingled	8,119,000	\$ —	Monthly	Monthly	Yes	Yes
Commingled	<u>2,530,000</u>	\$ —	Quarterly	Quarterly	Yes	Yes

Hedge funds ^(a)	<u>920,000</u>	\$ —	Annual	Annual	Yes	Yes
	<u>\$ 5,855,000</u>					

(a) *This class includes several commingled, or hedge funds that invest primarily in international and domestic equity securities to achieve capital appreciation. The fair values of the investments have been estimated by using the NAV per share of the funds.*

NOTE E - ASSETS HELD FOR SALE

The Foundation periodically accepts and subsequently sells aircraft as contributions. At December 31, 2016 and 2015, certain donated aircraft were held for sale. The value of aircraft held for sale at December 31, 2016 and 2015 were determined through an independent valuation source. The assets are actively marketed for sale at reasonable price in relation to its fair value and are expected to sell within one year.

NOTE F - TEMPORARILY RESTRICTED NET ASSETS

The Foundation's temporarily restricted net assets at December 31, 2016 and 2015 totaled \$6,696,000 and \$8,573,000, respectively. These funds are restricted for use in the following programs:

	<u>2016</u>	<u>2015</u>
Growing the pilot population	\$ 4,153,000	\$ 3,845,000
Future year unrestricted	1,932,000	3,373,000

Interpretation of Relevant Law

The Management and Board of Trustees of the Foundation have interpreted and demonstrated our understanding of the Maryland Uniform Prudent Management of Institutional Funds Act to require the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In making decisions regarding the investment and appropriation of appreciation, the organization shall consider long and short-term needs of the organization in carrying out the charitable purpose, present and future financial requirements, expected total return on investments and general economic conditions.

Endowment Spending Policy

The Board of Trustees has established an investment earning spending policy which states that operations will be allowed to spend no less than two percent and no more than five percent of endowment balance each year. The annual percentage is established by the historical three-year trailing average (with a two percent minimum and five percent maximum). The variance to actual investment earnings above or below the allowed percentage is considered as a non-operating adjustment to unrestricted net assets.

Endowment Investment Policies

The Foundation's investments are managed in accordance with the Board adopted Investment Policy Statement. Under this policy assets are invested in a manner to satisfy the organization's long-term investment performance while assuming an appropriate level of investment risk.

Strategies Employed for Achieving Objectives

To satisfy the long-term objectives, the Foundation relies on a mixture of equity, fixed income, and alternative investments.

Funds with Deficiencies

From time to time, the fair value of assets associated with the individual donor restricted endowment funds may fall below the level that the donor requires the Foundation to retain as a fund of perpetual duration. There were no funds with deficiencies at December 31, 2016 and 2015.

NOTE I - LONG-TERM OBLIGATIONS

Long-term obligations at December 31 consist of the following:

	<u>2016</u>	<u>2015</u>
Charitable Gift Annuities (Note J)	<u>\$380,000</u>	<u>\$ 444,000</u>
	<u>\$380,000</u>	<u>\$ 444,000</u>

NOTE J - CHARITABLE GIFT ANNUITIES

In April 2015, the Foundation purchased commercial single premium immediate annuities from two insurance companies as assets to back its contractual life-income liability owed to charitable gift annuity donors. The asset is reflected as other assets and the offsetting liability is reflected in long-term obligations on the statements of financial position. The liability was determined using the 2000CM mortality table and assumed interest rates of 1.6 percent to 4.2 percent.

NOTE K - COMMITMENTS

The Foundation has no long-term lease obligations as of December 31, 2016. Rental expense under all operating leases and other rental arrangements was \$191,000 and \$214,000 for the years ended December 31, 2016 and 2015, respectively.

NOTE L - EMPLOYEE BENEFIT PLANS

The Foundation provides its employees with a defined supplemental contribution sharing and 401(k) plan (the "DC Plan"). Foundation contributions to the supplemental contribution portion of the DC Plan can range from 2.5 percent to 10 percent of aggregated participants' eligible compensation at the discretion of the Board of Trustees. Contribution expense under the DC Plan was \$44,000 and \$42,000 for the years ended December 31, 2016 and 2015, respectively.

The Foundation makes a matching contribution to the 401(k) portion of the DC Plan. For the years ended December 31, 2016 and 2015, matching contributions were \$59,000 and \$71,000, respectively.

NOTE M - RELATED PARTY TRANSACTIONS

Certain officers and trustees of the Foundation are also officers and trustees of AOPA (the "Association"). In addition to the grant that the Foundation provides to the Association as discussed in Note A, the Association provides various administrative support services to assist the Foundation in fulfilling its purpose, for which the Foundation was charged \$1,507,000 and \$1,594,000 in 2016 and 2015, respectively. The amount payable to the Association at December 31, 2016 and 2015 was \$93,000 and \$210,000, respectively, and is included in accounts payable on the accompanying statements of financial position. AOPA Insurance Agency, Inc., a subsidiary of the Association, made a contribution of \$380,000 to the Foundation for the year ended December 31, 2015. No contribution was made in 2016.

NOTE N - ALLOCATION OF JOINT COSTS

The Foundation conducts activities to distribute information related to its mission and to appeal for funds. The joint costs incurred through these activities for the years ended December 31 were allocated as follows:

	<u>2016</u>	<u>2015</u>
Education	\$1,629,000	\$2,011,000
Fundraising	<u>666,000</u>	<u>479,000</u>
Total Joint Costs	<u>\$2,295,000</u>	<u>\$2,490,000</u>

NOTE O - SUBSEQUENT EVENTS

The Foundation evaluated its December 31, 2016 financial statements for subsequent events through April 3, 2017, the date the financial statements were available to be issued. Effective January 1, 2017, the Foundation transferred the operations of its safety-related functions and programs to the Association. The Association purchased safety-related program assets and assumed safety-related liabilities and deferred revenue at the carrying value as of December 31, 2016.
