FAA Airspace Case Number: 02-AGL-16-NR

Location: Chippewa Military Operations Area (MOA), MI

TO ALL INTERESTED PERSONS

The Federal Aviation Administration (FAA) is proposing to modify the published floor altitude, hours of operation, northern boundary, and change the name of the Chippewa MOA in response to a request from the United States Air Force (USAF).

Currently, as published on the Chicago Sectional Chart, the Chippewa MOA floor altitude is 7,000' mean sea level (MSL), and the hours of operation are 0900-1100 and 1330-1530, Monday thru Saturday, other times by NOTAM. The proposal is to lower the floor to 5,000' MSL, and change the hours of operation to 0900-1100, 1300-1500, and 1800-2000, Tuesday thru Friday, other times by NOTAM. The old and new boundaries are as depicted on the accompanying sectional chart. The new name requested for the MOA is Hersey MOA.

Before a final decision on this proposal, the FAA desires to afford all parties likely to be affected by this change the opportunity to comment. Address all comments to:

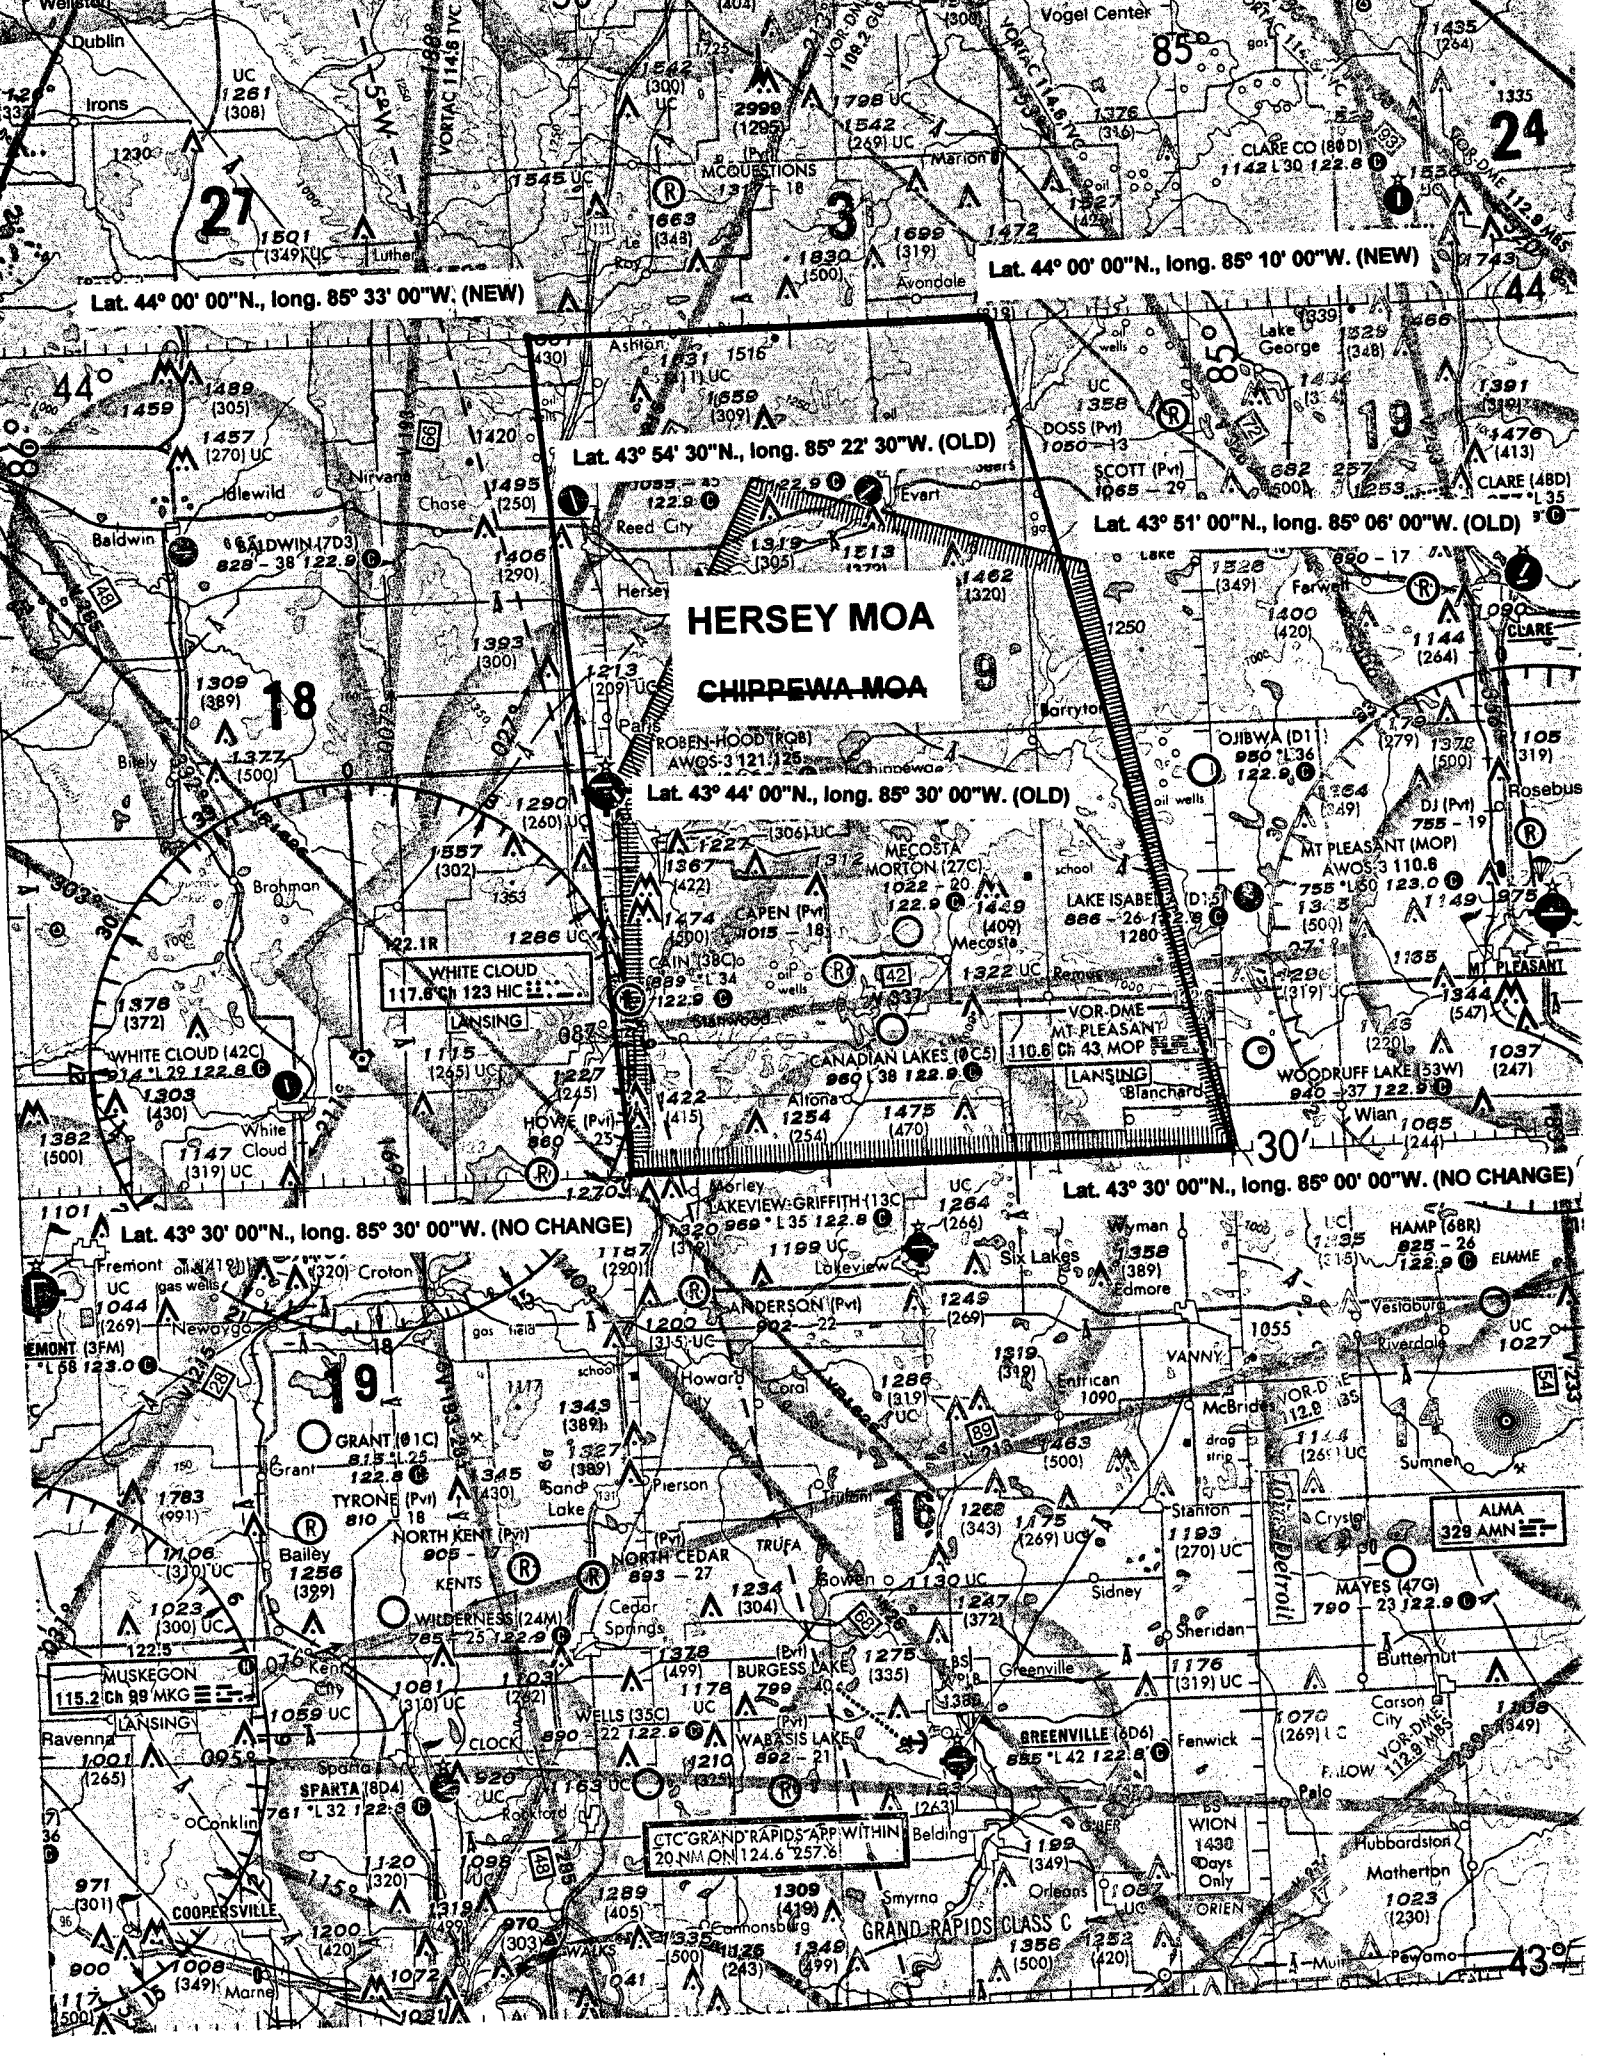

Federal Aviation Administration
Air Traffic Division
Manager, Airspace Branch, AGL-520
2300 East Devon Avenue
Des Plaines, IL 60018

not later than May 31, 2002 to be considered.

Sincerely,

Denis C. Burke
Manager, Airspace Branch, AGL-520
